**ELECTED OFFICERS.**

The Trades Assembly Entered on a New Year Yesterday.

THE NEW DELEGATES OBLIGATED.

Mr. Richard Robertson is the Newly Elected President—"Old Reliable" Tom Saulsbury Re-elected Secretary as Usual—Mr. Burt Uses Violent Language—Other Matters of Interest Transacted.

The Ohio Valley Trades and Labor Assembly met yesterday afternoon in regular session at the hall on Market street. There was a good attendance of delegates from the various local labor unions. President Grogan occupied the chair and Tom V. Saulsbury was at the secretary's desk as usual. This was the first meeting of the assembly in 1894, and opened the new year of the body, and the new constitution, by-laws and rules of order recently adopted went into effect. Printed copies were distributed among the delegates. The new delegates were obligated as follows: Carpenters' Union No. 2. A. L. Bauer, G. W. Clifton and William Imhoff.

Carriage and Wagon Workers' Union No. 6—John Dobler, A. F. Lewis and P. F. Farrell.

United Mine Workers' Union No. 146—Charles Saunders, Jere Mead and H. A. Foster.

Coopers' Union No. 27.—H. A. Uthman.

Garfield Assembly, K. of L., No. 1721. W. H. H. Riley, F. J. Kaiser, Roman Dobler, Henry Floto and William Mann.

Tobacco Workers, No. 4087, A. F. L.—Will Eve, Fred Weiss, Christ Baker, S. C. Howell.

Local Assembly No. 255, K. of L.—John Dixon.

Plasterers' Union No. 39, O. P. I. A.—Jesse Gill, C. W. Stoezler, William Ernst.

Crescent Lodge No. 8, A. A. I. S. W.—Harry Hocking, Joseph H. Purcell, Fred Williams.

Mold Makers' Union No. 53, A. F. G. W. U.—J. Hamilton Burt and Fred Harpfer.

Carpenters' Union No. 14.—T. V. Saulebury, S. Gibbons, Joseph Faust.

Union No. 58, United Brewery Workers.—William Shefflin, Victor Ahlstedt, Peter Neitzling.

Virginia Lodge No. 4, A. A. I. S. W.—Michael Grogan, Frank Edley and Joseph Watt.

United Mine Workers—Bridgeport local union, Thomas Thornton, Thomas Neugeb.

Liberty Assembly No. 2570, K. of L., tobacco workers—J. Diesse and L. Paridese.

Typographical Union No. 79—Richard Robertson, F. E. Neer and Ned Sims.

A coal miner delegate reported on a coal boycott, which he said is still on. The teamsters who are hauling the coal, said the delegate, are not making a good thing out of it, very little being hauled.

Another delegate said: "There is an impression abroad that the miners are holed." This he claimed, is a wrong impression; the company is losing right along on account of being on the black-list of the Trades assembly. He counseled that the boycott should be maintained and supported by the organized labor of the city.

The trustees reported a balance in their hands of \$653 74. The treasurer's report showed a balance on hand, \$17 92. The auditing committee reported at length on the above. The report was received and the committee discharged.

The legislative committee of the Virginia reported regarding the tunnel project. The committee had tried to have an interview with Prosecuting Attorney Howard, but had failed on account of a previous engagement. The committee had decided it would be best to leave the matter to the attention of the new legislative committee, appointed yesterday. This course was pursued.

A letter from Mr. Howard was shown, in which he held the opinion, neither the county or city can subscribe to the capital stock of a manufacturing company. Says Mr. Howard: "The city can make a tunnel anywhere within the city limits, when it is deemed advisable; the county can do so anywhere outside the city limits within the county. The two corporations could jointly undertake such a work of internal improvement where the proposed tunnel is partly within and partly without the corporate limits."

It is probable that the proposed tunnel through Wheeling hill could be done in that way. The new legislative committee will at once take hold of the tunnel and glass house projects.

It was reported to the assembly that the contributions made to the poor relief funds of Bridgeport and Martin's Ferry have been received.

The trustees were instructed to renew the lease of the present quarters for one year at the present price.

There was some discussion regarding the endorsement of Jonathan Wilson, of Carpenters Union, No. 14, for postmaster of Martin's Ferry. It was finally decided to be unpollitic to take such an action, and the motion to endorse was laid on the table.

The election of officers next came up, and it was decided the old salaries shall be paid, and in addition the trustees get the princely annual stipend of \$5; they also give a joint bond, according to the new constitution.

Nominations for president were made as follows: Richard Robertson, Fred Keiser, Michael Grogan, G. W. Clifton, W. H. H. Reilly. Mr. Robertson was elected on the first ballot, which was as follows:

Robertson.....18  
Grogan.....11  
Clifton.....11  
Keiser.....1

For vice president, S. C. Howell and Henry Floto were named. The ballot showed Mr. Floto elected. The ballot:

Floto.....20  
Howell.....15

For secretary, Mr. Thomas J. Saulsbury was unanimously re-elected.

For treasurer, Mr. P. F. Farrell was unanimously re-elected.

For trustees, nominations were as follows: Jere Mead, G. W. Clifton, Joseph Parcell.

There being but three trustees nominated, they were elected unanimously.

For the arbitration committee, William Mann, Osborne Gray, Jere Mead, William Imhoff, G. W. Clifton were nominated. There being but five candidates, they were declared unanimously elected.

For the finance committee the following gentlemen were elected: Harry Hocking, Fred Williams and H. A. Uthman.

The newly elected officers were then obligated in due form by President Grogan, after which they assumed their positions. The new presiding officer made a most speech on taking the chair.

A deficit in the amount in the hands of the trustees necessary to pay the rent for the past quarter was ordered to be paid over to them by the treasurer.

Mr. J. H. Burt at this point took the floor at this point and made a personal

attack against the INTELLIGENCER reporter for having, as he said, misrepresented what he said at the last meeting of the Trades Assembly regarding relief to the poor of the community. He claimed that what he said was that the man from the Sixth ward did not apply to the poor committee for relief, but went to police headquarters and applied for work. In the course of his remarks he used language not usual in assemblies ruled by parliamentary rules, and was called down by President Robertson, but he went on in about the same strain.

The squabble went on for some time and after Mr. Burt had concluded other delegates spoke and all strongly deprecated the violent course taken by him in the matter. Secretary Saulsbury said that the minutes of the meeting referred to showed that Mr. Burt had spoken substantially as reported in the INTELLIGENCER. The reporter was given a chance to defend himself and stated that he had reported Mr. Burt substantially as he had spoken. After considerable more discussion Mr. Burt tendered an apology for the strong language he had used.

Sedalia (Mo.) has a banana tree twelve feet high.

The first quarter you spend should be for a vial of Doctor Pierce's Pleasant Pellets. Why? Because that feeling of dullness with debility or headache means that your liver isn't doing its part. One of these Little Pellets does the right thing in the right way.

They cleanse and regulate the liver, stomach and bowels—thoroughly and effectively, but mildly and gently. They persuade, rather than force. One tiny, sugar-coated Pellet is a gentle laxative; three to four act as a cathartic. They're the smallest, but the best. There's less to take, but there's more good in it, when it's taken. They're the original Little Liver Pills, and they've never been equalled. Sick and Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the liver, stomach and bowels, are prevented, relieved, and cured. They're the cheapest pills you can buy, because they're guaranteed to give satisfaction, or your money is returned.
